Haseeb Khalil

As an empathetic, hardworking employee in different environments, I have developed excellent communication, time management, and team-working skills.
Recently graduated from Code Your Future as a Full Stack Web Developer, I am now looking for a junior web development role where I can continue to strengthen my skills.

EDUCATION

Code Your Future, Birmingham, United Kingdom— *Certificate*

One year intensive web development Bootcamp where I learned a wide range of technical skills.

Modules included: HTML, CSS, JavaScript, React, Node and SQL(Postgres).

Punjab College, Lahore, Pakistan— *Intermediate*

Two years of intermediate studies equivalent to A levels.

Modules included: Mathematics, English, Physics, Urdu, Islamic Education, Pakistan studies, Chemistry, Biology.

PROJECTS

https://github.com/Haseeb-Khalil/Booster

At the end of the CodeYourFuture course I worked in a team of four to make an energiser application called "Booster". In this project, my primary focus was the backend. I also worked on the front end in the last sprint to deliver the MVP on time. I deployed this application on Heroku.

Tech stack: HTML, CSS, JavaScript, React, Node, SQL(Postgres), Material-UI, Socket-io, Figma.

https://github.com/Haseeb-Khalil/Full-Stack-Project-Assessment

Created and hosted my first full-stack application on Heroku which allows users to add/remove like/dislike and search for videos.

Technologies used: HTML, CSS, JavaScript, React, Node, SQL(Postgres) and Bootstrap.

https://github.com/Haseeb-Khalil/tv-show-dom-project

Created a DOM project, hosted on Netlify, that fetches data from the TV-Maze API and which allows users to select/search a season or episode

Technologies used: HTML, CSS, JavaScript and Bootstrap.

https://github.com/Haseeb-Khalil/cyf-hotel-react

Made a hotel project and hosted it on Netlify which shows hotel bookings, guest details and restaurant orders.

Technologies used: HTML, CSS, JavaScript, React and Bootstrap.

EXPERIENCE

Uber, Coventry, United Kingdom— *Private hire driver*

2021- PRESENT

Demonstrating the ability to deal peacefully with unforeseen circumstances or delays and use advanced driving techniques to improve time management and safety.

SKILLS

JavaScript

React

Node

HTML/CSS

SQL(Postgres)

Bootstrap

Git/GitHub

Heroku

Postman

Managed time effectively to work full time as well as study at Code Your Future.

Effective communication and team-working skills developed through working in different environments.

AWARDS

Was recognised and awarded a cash prize by National Express for being a responsible front-line worker during Covid-19.

While working at KFC I was recognised by my manager for excellent customer service and team working skills.

LANGUAGES

Bilingual in English and Urdu, I am also a confident speaker of Hindi and Punjabi(mother tongue).

As a self-employed driver, I have maintained a high profile rating by providing excellent customer service.

National Express, Coventry, United Kingdom— *PCV driver*

2018 - 2021

Dedicated and reliable bus driver with a clean driving record. Demonstrated excellent defensive driving techniques and the ability to deal professionally with difficult or disruptive passengers.

Patient and level-headed, with the ability to remain on schedule and seek alternate routes when necessary.

KFC, Coventry, United Kingdom— *Team-Leader/First-Aider*

2014 - 2018

Maintained and held a supervisory position and directed the team in a strong and busy environment. Trained new members in skills required for the job.
As a designated first-aider I was available to attend to both customers and employees in the event of an emergency in the store.
